One-of-a-kind
**ARCHITECTURAL
DESIGN**

The striking design and styling of the Event Centre provides an elegant backdrop for a wide variety of events.

Clearly visible from both the main road on the approach to Ayia Napa Marina and the sea, the eye-catching exterior of the Event Centre instantly identifies this landmark edifice on the waterfront.

With a unique design inspired by the funnels of passing ships, this elliptical and conical glass building is a destination venue and a one-of-a-kind architectural marvel in Cyprus.

dedicated open-air events or as the perfect location for pre-event cocktails and conversations.

On the far side of the Event Centre, the Festival Pier provides an additional promenade, offering direct access to the closest moored yachts and spectacular views of Ayia Napa Marina and the development's luxurious Island Villa private properties.

Internally, it boasts high ceilings, plenty of natural light and a flexible 300m² of dedicated events space that is completely free of supporting pillars.

Externally, the striking form and styling of this dramatic, 30m structure was purposefully designed to be showcased by the arc of the sun in daylight hours – and to morph into a very different eye-catching appearance after dark.
